MHA of Lake County Promotes Three Staff to Supervisory Positions

Mental Health America of Lake County recently promoted three staff to key positions within the organization.

Rhiannon Kinsey, a three-year employee with the organization was recently promoted to Healthy Families supervisor at the organization's Crown Point office. Kinsey, a Dyer resident, has a B.A. in Human Development and Families Studies from Purdue University Calumet.

Jillian Echterling, a two-year employee with the organization was recently promoted to Healthy Families supervisor at the organization's Crown Point office. Echterling, a Crown Point resident, has a B.A. in Psychology from the University of Indianapolis.

Dayanara Annen, a three-year employee with the organization was recently promoted to Healthy Families supervisor at the organization's Crown Point office. Dayanara, a Crown Point resident, has a B.A. in Psychology from Indiana University Northwest.

Mental Health America of Lake County is a nonprofit agency providing a range of services to families and children designed to prevent crises and enhance family functioning. The organization is the largest home visiting parent education service provider in the county offering evidence-based, culturally-appropriate home-, center-, and school-based parent education services for families.
